

THINGS YOU WILL NEED

- **FISHING LICENSE WITH KING STAMP**
(king stamp only if you're fishing only for kings)
- **HIP OR CHEST WADERS**
(only necessary on some trips, please ask for details)
- **RAIN GEAR AND WARM CLOTHING**
- **FOOD AND DRINK**
- **FISHING GEAR, IF NEEDED**

Fishing rods, hip boots, and nets are available for your use with the purchase of a fishing package. One complete rig or setup is included with rod. Please do not take fishing tackle from the property without permission, and please return rods in the same condition you received them.

You can purchase replacement tackle at Trustworthy Hardware, Ken's Tackle, or Sportsman's Warehouse. There is a \$20 charge if the rigs need to be replaced and a \$70 charge if the rod and reel need to be replaced.

THINGS TO NOTE:

- ➔ On some drift boat trips you will be required to help with shuttle of vehicle to pickup lot.
- ➔ Please be sure to have your fishing license with you at all times on the water. If you show up at the boat with no license, unfortunately, there is not much we can do for you. Most trips are timed with the tide and, therefore, the boat cannot wait.
- ➔ If you are on a guided trip, we highly recommend listening to what your guide tells you and respecting his/her way of fishing. River Rock Lodge uses the best guides in the area - they know what they are doing and listening to them will maximize your time on the water.
- ➔ Out of respect for your fellow anglers, please take care to leave your cabin on time in the morning when you are headed out on a fishing trip.

PLEASE NOTE:

River Rock Lodge does not charge a cleaning fee, although tips for my wife and daughters, who clean the cabins, are very much appreciated. There are tip envelopes on the refrigerator in every cabin - if you have enjoyed the clean and tidy cabins or if you have enjoyed the baked goods sometimes left in the cabins, please show them your appreciation by leaving a tip.
