- ➔ River Trips - \$20-30 or more per person
- ➔ Salt water trips - \$30 - 40 or more per person  
(most of our salt water captains split tip with deck hands)
- ➔ Fly out trips - \$30 - 50 or more per person
- ➔ Tip envelope in cabins - Most lodges charge cleaning fees.  
We do NOT. However, if you feel to leave a tip, my wife and girls will appreciate it very much!

On some drift boat trips you will be required to help with shuttle of vehicle to pickup lot!

**If you show up at boat with no license, there is nothing we can do for you! Most trips are timed with the tide and therefore, the boat can not wait!**

We understand that you are the world's greatest angler! But we request that you listen to what your guide tells you, and respect his/her way of fishing! We only use the best guides in the area and they know what they are doing!!!

**Please leave your cabin on time in the Morning! Boats cannot wait if you are late! Respect Your fellow Anglers!!**
